

Intermediate Camp

completing 3rd or 4th grade

This camp provides a daily dose of fun for campers completing 3rd or 4th grades. Each day includes opportunities for fun and play through a whole host of sign-up activities where each camper makes individual choices about the afternoon's activities.

The morning's activities include discussion and activities about the people in the Bible — and how they provide an example for us as we make decisions in our own lives. We'll also talk about people we know of — or maybe people we know — who are heroes in our eyes. They live their life with integrity and they are a model and mentor for others. What makes someone a "hero of the faith" — and how can we live our lives so others will see God's love in us?

After our morning theme exploration time, campers participate in nature, arts & crafts,

cooperative games, and other activities which reinforce the Biblical discussions and provide opportunities for learning and fun.

Each afternoon campers choose from a wonderful selection of camp activities including stream walks, nature exploration, boating, swimming, slip and slide (water slide), water balloon volleyball — and so much more!

Evenings are filled with whole-camp activities including water carnivals, game nights, running and playing, campfires, sleepouts and more!
